Our Products

Enjoy a wealth of flexible, real-time trading options through our patented technology

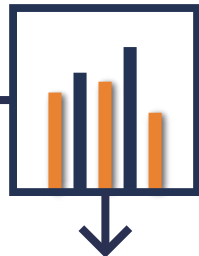

FOREX

A full range of currency pairs, available for trading based on Foreign Exchange Market rates.

STOCKS

Shares of publicly-traded companies, available for purchase at unit pricing set by official stock exchanges.

INDICES

Compilations of stocks, bundling together publicly-traded companies in particular market sectors.

COMMODITIES

Established unit pricing for certain types of metal or energy, such as silver, gold, and oil.

VOLATILITY INDICES

Available for trading 24/7, even when all of the other markets are officially closed.

Many Simple Ways to Win

RISE/FALL

Predict that a market will rise or fall from the current price by the end of the trade.

Win up to 100% of your stake if you are correct.

| | | |
|---|-----------------------------|--|
|  Higher | GBP 5.41 Purchase | GBP 10.00 payout if AUD/JPY is strictly higher than entry spot at 2 minutes after contract start |
|  Lower | GBP 4.84 Purchase | GBP 10.00 payout if AUD/JPY is strictly higher than entry spot at 2 minutes after contract start time. |
| Net profit: GBP 5.16 Return 107% | | |

HIGHER/LOWER

Predict that a market will end higher or lower than the current price by the end of the trade.

Win up to 1000% of your stake if you are correct.

| | | |
|---|-----------------------------|--|
|  Lower | GBP 7.96 Purchase | GBP 10.00 payout if AUD/JPY is strictly lower than entry spot plus 27 pips at 15 minutes after |
|  Higher | GBP 4.30 Purchase | GBP 10.00 payout if AUD/JPY is strictly higher than entry spot plus 37 pips at 15 minutes after contract start time. |
| Net profit: GBP 5.70 Return 133% | | |

Your payout increases the farther away the price target is from the current price.

TOUCH/NO TOUCH

Predict that a market will touch or not touch a target price anytime during the trade.

Win up to 100% of your stake if you are correct.

| | | |
|---|-----------------|--|
|  | GBP 9.22 | GBP 10.00 payout if AUD/JPY touches entry spot plus 133 pips through 5 hours after contract |
| Touches | Purchase | |
|  | GBP 3.80 | GBP 10.00 payout if AUD/JPY does not touch entry spot plus 133 pips through 5 hours after contract start time. |
| Does Not Touch | Purchase | |
| Net profit: GBP 6.20 Return 163% | | |

IN/OUT

Predict that a market will stay inside or go outside two price targets during the trade.

Win up to 100% of your stake if you are correct.

| | | |
|---|-----------------|--|
|  | GBP 7.25 | GBP 10.00 payout if AUD/JPY goes outside 75.783 to 81.077 through close on 2016-02-26 |
| Goes Outside | Purchase | |
|  | GBP 5.04 | GBP 10.00 payout if AUD/JPY stays between 75.783 to 81.077 through close on 2016-02-26 |
| Stays Between | Purchase | |
| Net profit: GBP 4.96 Return 98% | | |

To get a higher return, choose "stays in" with a narrow price range, or "stays out" with a broad price range.

Register Now

Step 1

Sign Up

at www.binary.com

Step 2

Deposit

as little as **\$5**

Step 3

Trade

from **\$1** per contract

Step 4

Collect

up to **\$50,000** if
you are correct

Why Trade with Binary.com?

1 Enjoy payouts of up to \$50,000 when you make a correct prediction.

2 Relax, knowing that you can never lose more than the purchase price for any given trade.

3 Be able to profit from a full range of conditions, including volatile, quiet, and falling markets.

4 Start with as little as \$1 per trade, using a virtual account first to build your skills and confidence.

5 Set your preferences and choose the duration of each trade, from five seconds up to 365 days.
